Required data for Fleet

- *A Question came in for the ACT about why Fleet tracks individual drivers and this is to make sure that drivers are valid*
- *This data checked for invalid or expired drivers licenses as well as DUI's and excessive speeding tickets*
- *IF they have someone use the shared motor pool, whether it is operated by fleet or individual agencies, they check that for billing purposes.*
- *They also check users for the fuel cards so there is no fraud.*

Debbie Empey

Agencies should start preparing the schedule of misc/zero vendor payments that need 1099s issued for calendar year 2021. John Baylis will send an email to the agencies soon to request that information.

Emergency purchases policy 04-10.00 is in the process of being revised to reflect a change Purchasing made. Purchasing revised their policy PURCH-01 to indicate that Executive branch departments shall create an internal policy regarding who can execute an emergency procurement and the process that will be used.

More formalized P-card training is in the process of being developed.

A slight change was made to the FIACCT 04-14.00 Special Delegations policy. The Purchasing email that should be contacted under Procedures I(2)(iii) section of the policy was amended to lpdprograms@utah.gov. The policy is located [here](#). Please let us know if you have any questions.

ARPA Funding Reimbursement

- *If you have ARPA code, please use it so that finance can pull queries to draw down*
- *If you are not using that ARPA code, you won't be reimbursed*
