December 1, 2015

To Senator Lyle W. Hillyard, Chair,  
Representative Dean Sanpei, Chair, and Members  
of the Executive Appropriations Committee:

H. B. 256, *Revenue Reviews for Certain Funds*, requires the Division of Finance to prepare an annual report and present that report to the Executive Appropriations Committee for funds that meet the following criteria:

- A “contribution dependent account” or a fund that receives at least 50% of its revenue from contributions and those revenues are not intended to be used to directly provide services exclusively to the person who made the contribution;
- The “contribution dependent account” did not receive at least $30,000 in contributions during one of the three last fiscal years; and
- A “contribution dependent account” does not include a trust or agency fund.

The Division of Finance identified six funds that meet the statutorily definition noted above. **Finance recommends that these six funds remain open.** See the attached listing of funds for detailed comments and recommendations.

In addition, statute for five other funds was identified for action. Three of the funds have not been used for a significant period of time or are no longer needed. Two of the funds were created in statute but never established or used. **Finance requests the Legislature to repeal the statute that created these funds.** See the attached listing of funds for detailed comments and recommendations.

Sincerely,

John C. Reidhead, CPA  
Director of Finance
