RETROACTIVE OVERTIME PAY WORKSHEET

Instructions

Use this worksheet when overtime was not recorded in the payroll system and the period is no longer open for retro-active entry. The form will automatically calculate the overtime amount if the 'Required Information' is entered online. Otherwise, use the 'Formulas' to manually calculate the amount. If the employee was exempt from FLSA, enter the calculated amount from Line 3. **OT @ Straight Time Pay (FLSA Exempt)** into the payroll system. If the employee was not exempt from FLSA, enter the calculated amount from Line 5. **OT @ Time & 1/2 Pay (FLSA Non-exempt)** into the payroll system.

The 'Required Information' in Section 1 pertains to the 'Overtime Period' in which the hours were worked. (Usually a seven day period beginning on Saturday) This information is necessary to calculate the proper amount of overtime pay.
